

How-to Enroll a Student

A GUIDE FOR SELF-PAY & HOMESCHOOL FAMILIES:

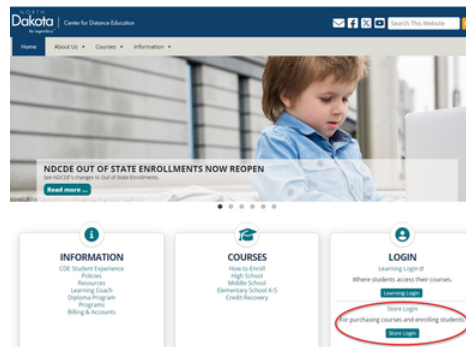

1

DETERMINE WHO IS PAYING:

North Dakota public school students must be enrolled by their district for the school to cover NDCDE course costs. However, parents can choose to pay directly if they prefer the student take the course without school oversight. Homeschooled families self-pay, and North Dakota parents/students are responsible for paying for dual credit courses. Out-of-state students should check with their school to determine who covers the costs, and that party should handle the enrollment.

2

SET UP YOUR ACCOUNT (ONE-TIME REQUIREMENT):

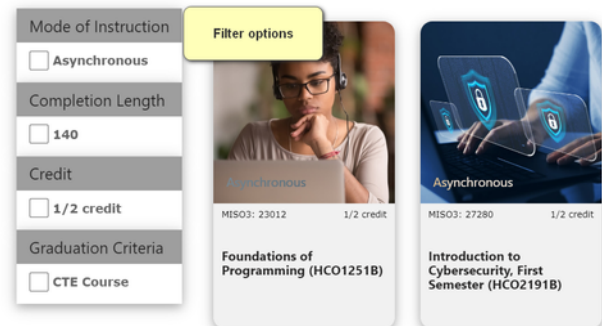

To set up an account, visit <https://www.cde.nd.gov/> and click "Store Login." Select the North Dakota login (even if you're out of state), and complete the short form, choosing the "parent or other" option. Account setup typically takes one business day, and you will receive an email notification once it's complete, allowing you to proceed with course purchases.
